The Caribbean Migration portal is dedicated to individuals and organizations wishing to engage and collaborate for improvement of migration governance in the Caribbean, by providing a digital space dedicated for constant dialogue; cooperative partnerships and networking; and exchange of documents and information, among the countries and migration stakeholders in the Caribbean region.

- ▶ Facilitates the creation and work of specialized thematic networks for most relevant migration governance topics.
- ▶ Shares presentations, tool-kits, guides, reports, summaries and other relevant documents from all CMC workshops and meetings.
- ▶ Provides a framework for states and stakeholders to engage and share information on migration issues from a national and regional perspective.
- ▶ Gives access to specialized research, documents, guidelines, manuals and other resources on Caribbean migration issues.

How can you contribute as a member*?

FORUM: Share new ideas and good practices in closed forums of specialized thematic networks such as border management, climate change, emergency preparedness, and health.

REPOSITORY: You can also download support materials, such as manuals and guides on specific migration topics.

EVENTS AND NEWS: Upload information on relevant meetings, webinars, seminars and workshops; and inform other peers about important news.

BLOGS: Share trends, recommendations, good practices, and other information on migration topics.

*CMC membership is composed of government officials and stakeholders that participate in Caribbean Migration Consultation meetings. The membership has no cost.
